

JAMES COOK LEARNING TRUST

Child Protection and Safeguarding Policy

This policy has been updated in response to the release of Keeping Children Safe in Education September 2020.

Elements added or updated in response to the latest guidance have been highlighted as appropriate, e.g. **[New for 2020]** or **[Updated for 2020]**. This revised policy also has a more detailed and robust approach to peer-on-peer abuse than the previous version.

The policy will be updated as necessary to reflect Working Together to Safeguard Children.

Designated Safeguarding Lead – Amy Young

Deputy Safeguarding Lead/s –Leanne Acheson

Education Child Protection Officer – First Contact 01642 726004

MiddlesbroughMACH@middlesbrough.gov.uk

LADO- MiddlesbroughLADO@middlesbrough.gov.uk

Last updated May 2021

To be reviewed in September 2021 or earlier if necessary.

Statement of intent

James Cook Learning Trust is committed to safeguarding and promoting the welfare, both physical and emotional, of every pupil both inside and outside of the school premises. We implement a whole-school preventative approach to managing safeguarding concerns, ensuring that the wellbeing of pupils is at the forefront of all action taken and early identification helps ensure that concerns do not escalate unnecessarily.

This policy sets out a clear and consistent framework for delivering this promise, in line with safeguarding legislation and statutory guidance.

It will be achieved by:

- Creating a culture of safer recruitment by adopting procedures that help deter, reject or identify people who might pose a risk to children.
- Teaching pupils how to keep safe and recognise behaviour that is unacceptable.
- Identifying and making provision for any pupil that has been subject to abuse.
- Ensuring that members of the governing board, the head teacher and staff members understand their responsibilities under safeguarding legislation and statutory guidance, are alert to the signs of child abuse and know to refer concerns to the DSL.
- Ensuring that the head teacher and any new staff members and volunteers are only appointed when all the appropriate checks have been satisfactorily completed.

The DSL is: the Head Teacher. In the absence of the DSL, child protection matters will be dealt with by the Deputy DSL..

Prevention in the curriculum

The school recognises the importance of developing pupils' awareness of behaviour that is unacceptable towards them and others, and how they can keep themselves and others safe.

The PSHE programme in each key stage provides personal development opportunities for pupils to learn about keeping safe and who to ask for help if their safety is threatened. As part of developing a healthy, safer lifestyle pupils are taught for example to:

- Safely explore their own and others' attitudes
- Recognise and manage risks in different situation and how to behave responsibly
- Judge what kind of physical contact is acceptable and unacceptable
- Recognise when pressures from others (including people they know) threatens their personal safety and well –being and develop effective ways of resisting pressure, including knowing where to get help
- Understand the rules around internet safety
- Resist radicalisation and extremism

Definitions

- The terms “**children**” and “**child**” refer to anyone under the age of 18.
- For the purposes of this policy, “safeguarding and protecting the welfare of children” is defined as:
 - Protecting pupils from maltreatment.
 - Preventing the impairment of pupils’ physical and mental health or development.
 - Ensuring that pupils grow up in circumstances consistent with the provision of safe and effective care.
 - Taking action to enable all pupils to have the best outcomes.
- For the purposes of this policy, the term “**harmful sexual behaviour**” includes, but is not limited to, the following actions:
 - Using sexually explicit words and phrases
 - Inappropriate touching
 - Sexual violence or threats
 - Full penetrative sex with other children or adults
- In accordance with the DfE’s guidance, ‘Sexual violence and sexual harassment between children in schools and colleges’ (2018), and for the purposes of this policy, the term “**sexual harassment**” is used within this policy to describe any unwanted conduct of a sexual nature, both online or offline, which violates a child’s dignity and makes them feel intimidated, degraded or humiliated, and can create a hostile, sexualised or offensive environment.
- For the purpose of this policy, the term “**sexual violence**” encompasses the definitions provided in the Sexual Offences Act 2003, including those pertaining to rape, assault by penetration and sexual assault.
- The term “**teaching role**” is defined as planning and preparing lessons and courses for pupils; delivering lessons to pupils; assessing the development, progress and attainment of pupils; and reporting on the development, progress and attainment of pupils. These activities are not teaching work if the person carrying out the activity does so (other than for the purposes of induction) subject to the direction and supervision of a qualified teacher or other person nominated by the head teacher to provide such direction and supervision.

Legal framework

- This policy has been created with due regard to all relevant legislation including, but not limited to, the following:

Legislation

- Children Act 1989
- Children Act 2004
- Safeguarding Vulnerable Groups Act 2006
- The Education (School Teachers’ Appraisal) (England) Regulations 2012 (as amended)
- Sexual Offences Act 2003

- General Data Protection Regulation (GDPR)
- Data Protection Act 2018
- [Schools providing education to pupils under the age of eight only] The Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018

Statutory guidance

- HM Government (2013) 'Multi-agency practice guidelines: Handling cases of Forced Marriage'
- DfE (2018) 'Working Together to Safeguard Children'
- DfE (2015) 'The Prevent duty'
- DfE (2020) 'Keeping children safe in education'
- DfE (2018) 'Disqualification under the Childcare Act 2006'

Non-statutory guidance

- DfE (2015) 'What to do if you're worried a child is being abused'
- DfE (2018) 'Information sharing'
- DfE (2017) 'Child sexual exploitation'
- DfE (2018) 'Sexual violence and sexual harassment between children in schools and colleges'
- Other relevant school policies include:
 - DBS policy
 - Photograph and video
 - Visiting Speakers
 - Behaviour Policy
 - Staff Code of Conduct
 - Whistleblowing Policy
 - Anti-Bullying Policy
 - E-Safety Policy
 - General Data Protection Regulation policy

Roles and responsibilities

- The governing board has a duty to:
 - Ensure that the school complies with its duties under the above child protection and safeguarding legislation.
 - Guarantee that the policies, procedures and training opportunities in the school are effective and comply with the law at all times.
 - Guarantee that the school contributes to inter-agency working in line with the statutory guidance 'Working Together to Safeguard Children' (2018).
 - Confirm that the school's safeguarding arrangements take into account the procedures and practices of the LA as part of the inter-agency safeguarding procedures.
 - Understand the local criteria for action and the local protocol for assessment, and ensure these are reflected in the school's policies and procedures.

- Comply with its obligations under section 14B of the Children Act 2004 to supply the local safeguarding arrangements with information to fulfil its functions.
- Ensure that staff members have due regard to relevant data protection principles which allow them to share personal information.
- Ensure that a member of the governing board is nominated to liaise with the LA and/or partner agencies on issues of child protection and in the event of allegations of abuse made against the head teacher or another governor.
- Guarantee that there are effective child protection policies and procedures in place together with a staff code of conduct.
- Ensure that there is a senior board level lead responsible for safeguarding arrangements.
- Appoint a member of staff from the SLT to the role of DSL as an explicit part of the role-holder's job description.
- Appoint one or more deputy DSL(s) to provide support to the DSL and ensure that they are trained to the same standard as the DSL and that the role is explicit in their job description(s).
- Ensure all relevant persons are aware of the school's local safeguarding arrangements, and the contact details of the South Tees Safeguarding Children Partnership <https://stscp.co.uk/> – including the governing board itself, the SLT and DSL.
- Make sure that pupils are taught about safeguarding, including protection against dangers online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum.
- Adhere to statutory responsibilities by conducting pre-employment checks on staff who work with children, taking proportionate decisions on whether to ask for any checks beyond what is required.
- Ensure that staff members are appropriately trained to support pupils to be themselves at school, e.g. if they are LGBTQ+.
- Guarantee that volunteers are appropriately supervised.
- Make sure that at least one person on any appointment panel has undertaken safer recruitment training.
- Ensure that all staff members receive safeguarding and child protection training updates, such as e-bulletins, emails and staff meetings, as required, but at least annually.
- Certify that there are procedures in place to handle allegations against members of staff or volunteers.
- Confirm that there are procedures in place to make a referral to the DBS and the Teaching Regulation Agency (TRA), where appropriate, if a person in regulated activity has been dismissed or removed due to safeguarding concerns or would have been had they not resigned.
- Guarantee that there are procedures in place to handle pupils' allegations against other pupils.
- Ensure that appropriate disciplinary procedures are in place, as well as policies pertaining to the behaviour of pupils and staff.

- Ensure that procedures are in place to eliminate unlawful discrimination, harassment and victimisation, including those in relation to peer-on-peer abuse.
 - Make sure that pupils' wishes and feelings are taken into account when determining what action to take and what services to provide to protect individual pupils.
 - Guarantee that there are systems in place for pupils to express their views and give feedback.
 - Establish an early help procedure and ensure all staff understand the procedure and their role in it.
 - Appoint a designated teacher to promote the educational achievement of LAC and ensure that this person has undergone appropriate training.
 - Ensure that the designated teacher works with the virtual school head to discuss how the pupil premium funding can best be used to support LAC.
 - Introduce mechanisms to assist staff in understanding and discharging their roles and responsibilities.
 - Make sure that staff members have the skills, knowledge and understanding necessary to keep LAC safe, particularly with regards to the pupil's legal status, contact details and care arrangements.
 - Put in place appropriate safeguarding responses for pupils who go missing from school, particularly on repeat occasions, to help identify any risk of abuse and neglect, including sexual abuse or exploitation, and prevent the risk of their disappearance in future.
 - Ensure that all members of the governing board have been subject to an enhanced DBS check.
 - Create a culture where staff are confident to challenge senior leaders over any safeguarding concerns.
- The head teacher has a duty to:
 - Safeguard pupils' wellbeing and maintain public trust in the teaching profession.
 - Ensure that the policies and procedures adopted by the governing board, particularly concerning referrals of cases of suspected abuse and neglect, are followed by staff members.
 - Provide staff, upon induction, with the Child Protection and Safeguarding Policy, Staff Code of Conduct, part one of the latest version of 'Keeping children safe in education' (KCSIE) guidance, Behaviour Policy, online safety training, and the identity of the DSL and any deputies.
 - The DSL has a duty to:
 - Understand, and keep up-to-date with, local plans and South Tees Safeguarding Children's Partnership work under the current multi-agency arrangement of three safeguarding partners.
 - Act as the main point of contact with the South Tees Safeguarding Children Partnership and with the three safeguarding partners.

- Refer all cases of suspected abuse to children's social care services (CSCS), the LA designated officer (LADO) for child protection concerns, the DBS, and the police in cases where a crime has been committed.
- Refer cases of radicalisation to the Channel programme.
- Liaise with the head teacher to inform them of safeguarding issues, especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations.
- Liaise with the deputy DSL(s) to ensure effective safeguarding outcomes.
- Act as a source of support, advice and expertise to staff members on matters of safeguarding by liaising with relevant agencies.
- Understand the assessment process for providing early help and intervention.
- Support staff members in liaising with other agencies and setting up inter-agency assessment where early help is deemed appropriate.
- Keep cases of early help under constant review and refer them to the CSCS if the situation does not appear to be improving.
- Have a working knowledge of how LAs conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so.
- Ensure each member of staff has access to and understands the school's Child Protection and Safeguarding Policy and procedures – this will be discussed during the staff induction process.
- Be alert to the specific requirements of children in need, including those with SEND and young carers.
- Keep detailed, accurate and secure records of concerns and referrals.
- Secure access to resources and attend any relevant training courses.
- Encourage a culture of listening to children and taking account of their wishes and feelings.
- Work with the governing board to ensure the school's Child Protection and Safeguarding Policy is reviewed annually and the procedures are updated regularly.
- Ensure the school's Child Protection and Safeguarding Policy is available publicly, and parents are aware that the school may make referrals for suspected cases of abuse or neglect, as well as the role the school plays in these referrals.
- Link with local safeguarding arrangements to make sure that staff members are aware of the training opportunities available and the latest local policies on safeguarding.
- Ensure that a pupil's child protection file is copied when transferring to a new school and a receipt obtained to say it has been given to the school.
- Be available at all times during school hours to discuss any safeguarding concerns.
- Hold the details of the LA personal advisor and liaise with them as necessary
- Foster a culture of high aspirations for children in this group and any additional adjustments or academic support that they may need to ensure optimal learning opportunities for them.

NB. The school will determine what “available” means, e.g. it may be appropriate to be accessible by electronic means such as phone or Skype.

- The designated teacher has a responsibility for promoting the educational achievement of LAC and previously LAC, and for children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside England and Wales.
- Other staff members have a responsibility to:
 - Safeguard pupils’ wellbeing and maintain public trust in the teaching profession as part of their professional duties.
 - Provide a safe environment in which pupils can learn.
 - Act in accordance with school procedures with the aim of eliminating unlawful discrimination, harassment and victimisation, including those in relation to peer-on-peer abuse.
 - Maintain an attitude of ‘it could happen here’ where safeguarding is concerned.
 - Be aware of the signs of abuse and neglect.
 - Be aware of the early help process and understand their role in it.
 - Act as the lead professional in undertaking an early help assessment, where necessary.
 - Be aware of, and understand, the process for making referrals to CSCS, as well as for making statutory assessments under the Children Act 1989 and their role in these assessments.
 - Be confident of the processing conditions under relevant data protection legislation, including information which is sensitive and personal, and information that should be treated as special category data.
 - Make a referral to CSCS and/or the police immediately, if at any point there is a risk of immediate serious harm to a child.
 - Be aware of and understand the procedure to follow in the event that a child confides they are being abused or neglected.
 - Support social workers in making decisions about individual children, in collaboration with the DSL.
 - Maintain appropriate levels of confidentiality when dealing with individual cases, and always act in the best interest of the child.
 - Follow the school’s procedure for, and approach to, preventing radicalisation.
 - Challenge senior leaders over any safeguarding concerns, where necessary.

Multi-agency working

- The school contributes to multi-agency working as part of its statutory duty.
- The school is aware of the South Tees Safeguarding Children Partnership and its three safeguarding partners.
- The school will work with CSCS, the police, health services and local authority (as well as other agencies) to protect the welfare of its pupils, through the early help process and

by contributing to multi-agency plans to provide additional support. The three main partner agencies have a shared and equal duty to safeguard and promote the welfare of children.

- Where a need for early help is identified, the school will allow access for CSCS from the host LA and, where appropriate, a placing LA, for that LA to conduct (or consider whether to conduct) a section 17 or 47 assessment.
- The school recognises the importance of proactive information sharing between professionals and local agencies in order to effectively meet pupils' needs and identify any need for early help.
- Considering 4.3, staff members are aware that whilst the GDPR and the Data Protection Act 2018 place a duty on schools to process personal information fairly and lawfully, they also allow for information to be stored and shared for safeguarding purposes – data protection regulations do not act as a barrier to sharing information where failure to do so would result in the pupil being placed at risk of harm.
- Staff members will ensure that fear of sharing information does not stand in the way of their responsibility to promote the welfare and safety of pupils.
- If staff members are in doubt about sharing information, they will speak to the DSL or deputy DSL. This may involve the school seeking independent legal advice. They may be advised to consider whether providing information could place a child at risk of serious harm. The Data Protection Toolkit for Schools provides guidance for schools on GDPR compliance and data protection activity (new for 2020)
- The school also recognises the particular importance of inter-agency working in identifying and preventing child criminal exploitation and child sexual exploitation (CSE).

Abuse and neglect

- All members of staff will be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be given a specific label and multiple issues often overlap one another.
- All staff members will be aware of the indicators of abuse and the appropriate action to take following a pupil being identified as at potential risk of abuse or neglect.
- When identifying pupils at risk of potential harm, staff members will look out for a number of indicators including, but not limited to, the following:
 - Injuries in unusual places, such as bite marks on the neck, that are also inconsistent with their age
 - Lack of concentration and acting withdrawn
 - Knowledge ahead of their age, e.g. sexual knowledge.
 - Use of explicit language
 - Fear of abandonment
 - Depression and low self-esteem
- All members of staff will be aware of the indicators of peer-on-peer abuse, such as those in relation to bullying, gender-based violence, sexual assaults and sexting.
- All staff will be aware of the necessary procedures to follow to prevent peer-on-peer abuse, as outlined in the school's Anti-Bullying Policy.

- All staff will be aware of the behaviours linked to drug taking, alcohol abuse, truancy and sexting, and will understand that these put pupils in danger.
- Staff members will be aware of the effects of a pupil witnessing an incident of abuse, such as witnessing domestic violence at home. Operation Encompass messages should be one means by which police alert the school to incidents of domestic abuse and violence and potential impact on children who witness this.

Types of abuse and neglect

- **Abuse:** A form of maltreatment of a child which involves inflicting harm or failing to act to prevent harm. Children may be abused in a family, institutional or community setting by those known to them or, more rarely, by others, e.g. via the internet.
- **Physical abuse:** A form of abuse which may involve actions such as hitting, throwing, burning, drowning and poisoning, or otherwise causing physical harm to a child. Physical abuse can also be caused when a parent fabricates the symptoms of, or deliberately induces, illness in a child.
- **Emotional abuse:** A form of abuse which involves the emotional maltreatment of a child to cause severe and adverse effects on the child's emotional development. This may involve telling a child they are worthless, unloved, inadequate, not giving them the opportunities to express their views, deliberately silencing them, or often making them feel as though they are in danger. **Mental Health:** Mental Health problems can in some cases be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Particularly traumatic adverse childhood experiences can impact on children throughout childhood and into adolescence and adulthood. It is essential that we refer children where we have concerns and follow the school's Child Protection policy and The Department for Education has published advice and guidance on 'Mental Health and Behaviour in Schools'. (New for 2020)
- **Sexual abuse:** A form of abuse which involves forcing or enticing a child to take part in sexual activities, not necessarily involving a high level of violence, and whether or not the child is aware of what is happening. This may involve physical assault, such as penetrative assault and touching, or non-penetrative actions, such as looking at sexual images or encouraging children to behave in inappropriate ways. It may also take the form of initiation/ hazing type violence and rituals
- **Neglect:** A form of abuse which involves the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in serious impairment of a child's health or development. This may involve providing inadequate food, clothing or shelter, or the inability to protect a child from physical or emotional harm or ensure access to appropriate medical treatment.
- **Fabricated or induced illness.** This involves a well child being presented by a parent or carer as being ill, or a disabled or ill child being presented as having more significant problems than he or she has in reality. This may result in extensive, unnecessary medical investigations being carried out to establish underlying causes. The child may have treatments prescribed, investigations, procedures or operations which are unnecessary. It may involve the child spending long periods away from home or in hospital and could place the child at risk of harm or even death. FI is a spectrum of disorder. At one end it may involve a genuine belief that the child is ill or an exaggeration

of existing symptoms. At the other end it may involve deliberately inducing the symptoms in the child. It may also involve falsification of hospital charts and records and specimens of bodily fluids. Parents may claim the child has symptoms which they don't have which cannot be verified unless directly observed such as observing signs of pain, frequency of passing urine, omitting or fits.

FGM and breast ironing

- For the purpose of this policy, FGM is defined as the partial or total removal of the external female genitalia, or any other injury to the female genital organs.
- FGM and breast ironing is considered a form of abuse in the UK and is illegal.
- All staff will be alert to the possibility of a girl being at risk of FGM, or already having suffered FGM. If staff members are worried about someone who is at risk of FGM or who has been a victim of FGM, they are required to share this information with social care and/or the police.
- Teaching staff are **legally required** to report to the police any discovery, whether through disclosure by the victim or visual evidence, of FGM on a girl under the age of 18. Teachers failing to report such cases will face disciplinary action.

NB. The above does not apply to any suspected or at-risk cases, nor if the individual is over the age of 18. In such cases, local safeguarding procedures will be followed.

- There are a range of potential indicators that a pupil may be at risk of FGM. While individually they may not indicate risk, if two or more indicators are present, this could signal a risk to the pupil.
- Victims of FGM are most likely to come from communities that are known to adopt this practice. It is important to note that the pupil may not yet be aware of the practice or that it may be conducted on them, so staff will be sensitive when broaching the subject.
- Indicators that may show a heightened risk of FGM include the following:
 - The socio-economic position of the family and their level of integration into UK society
 - Any girl with a mother or sister who has been subjected to FGM
 - Any girl withdrawn from PSHE
- Indicators that may show FGM could take place soon include the following:
 - When a female family elder is visiting from a country of origin
 - A girl may confide that she is to have a 'special procedure' or a ceremony to 'become a woman'
 - A girl may request help from a teacher if she is aware or suspects that she is at immediate risk
 - A girl, or her family member, may talk about a long holiday to her country of origin or another country where the practice is prevalent
- Staff will be vigilant to the signs that FGM has already taken place so that help can be offered, enquiries can be made to protect others, and criminal investigations can begin.
- Indicators that FGM may have already taken place include the following:
 - Difficulty walking, sitting or standing

- Spending longer than normal in the bathroom or toilet
 - Spending long periods of time away from a classroom during the day with bladder or menstrual problems
 - Prolonged or repeated absences from school followed by withdrawal or depression
 - Reluctance to undergo normal medical examinations
 - Asking for help, but not being explicit about the problem due to embarrassment or fear
- Teachers will not examine pupils, and so it is rare that they will see any visual evidence, but they will report to the police where an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they should also consider and discuss any such case with the DSL and involve CSCS as appropriate.
 - FGM is also included in the definition of ‘honour-based’ violence (HBV), which involves crimes that have been committed to defend the honour of the family and/or community, alongside forced marriage and breast ironing.
 - All forms of HBV are forms of abuse and will be treated and escalated as such.
 - Staff will be alert to the signs of HBV, including concerns that a child is at risk of HBV, or has already suffered from HBV, and will consult with the DSL who will activate local safeguarding procedures if concerns arise.

Forced marriage

- For the purpose of this policy, a **“forced marriage”** is defined as a marriage that is entered into without the full and free consent of one or both parties, and where violence, threats or any other form of coercion is used to cause a person to enter into the marriage. Forced marriage is classed as a crime in the UK.
- As part of Honour Based Violence or abuse, staff will be alert to the signs of forced marriage including, but not limited to, the following:
 - Becoming anxious, depressed and emotionally withdrawn with low self-esteem
 - Showing signs of mental health disorders and behaviours such as self-harm or anorexia
 - Displaying a sudden decline in their educational performance, aspirations or motivation
 - Regularly being absent from school
 - Displaying a decline in punctuality
 - An obvious family history of older siblings leaving education early and marrying early
- If staff members have any concerns regarding a child who may have undergone, is currently undergoing, or is at risk of, forced marriage, they will speak to the DSL and local safeguarding procedures will be followed – this could include referral to CSCS, the police or the Forced Marriage Unit.

Child sexual exploitation (CSE)

- For the purpose of this policy, “**child sexual exploitation**” is defined as: a form of sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person into sexual activity, for either, or both, of the following reasons:
 - In exchange for something the victim needs or wants
 - For the financial advantage or increased status of the perpetrator or facilitator
- CSE does not always involve physical contact, as it can also occur online. It is also important to note that a child can be sexually exploited even if the sexual activity appears consensual.
- The school has adopted the following procedure for handling cases of CSE, as outlined by the DfE:

Identifying cases

- School staff members are aware of and look for the key indicators of CSE; these are as follows:
 - Going missing for periods of time or regularly going home late
 - Regularly missing lessons
 - Appearing with unexplained gifts and new possessions
 - Associating with other young people involved in exploitation
 - Having older boyfriends or girlfriends
 - Undergoing mood swings or drastic changes in emotional wellbeing
 - Displaying inappropriate sexualised behaviour
 - Suffering from sexually transmitted infections or becoming pregnant
 - Displaying changes in emotional wellbeing
 - Misusing drugs or alcohol

Referring cases

- Where CSE, or the risk of it, is suspected, staff will discuss the case with the DSL. If after discussion a concern still remains, local safeguarding procedures will be triggered, including referral to the LA.

Support

- The LA and all other necessary authorities will then handle the matter to conclusion. The school will cooperate as needed.

Homelessness

- The DSL and deputy(s) will be aware of the contact details and referral routes in to the Local Housing Authority so that concerns over homelessness can be raised as early as possible.
- Indicators that a family may be at risk of homelessness include the following:
 - Household debt
 - Rent arrears
 - Domestic abuse
 - Anti-social behaviour

- Any mention of a family moving home because “they have to”
- Referrals to the Local Housing Authority do not replace referrals to CSCS where a child is being harmed or at risk of harm.

County lines criminal activity

- For the purpose of this policy, “**County lines criminal activity**” refers to drug networks or gangs grooming and exploiting children to carry drugs and money from urban areas to suburban areas, rural areas and market and seaside towns. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into criminal or sexual activity. Age, gender, cognitive ability, gender issues, physical strength and status may all be factors.
- Staff will be made aware of pupils with missing episodes who may have been trafficked for the purpose of transporting drugs.
- Staff members who suspect a pupil may be vulnerable to, or involved in, this activity will immediately report all concerns to the DSL.
- The DSL will consider referral to the National Referral Mechanism on a case-by-case basis.
- Indicators that a pupil may be involved in county lines activity include the following:
 - Persistently going missing or being found out of their usual area
 - Unexplained acquisition of money, clothes or mobile phones
 - Excessive receipt of texts or phone calls
 - Relationships with controlling or older individuals or groups
 - Leaving home without explanation
 - Evidence of physical injury or assault that cannot be explained
 - Carrying weapons
 - Sudden decline in school results
 - Becoming isolated from peers or social networks
 - Self-harm or significant changes in mental state
 - Parental reports of concern

Pupils with family members in prison

- Pupils with a family member in prison will be offered pastoral support as necessary.
- They will receive a copy of ‘[Are you a young person with a family member in prison](#)’ from Action for Prisoners’ Families where appropriate and allowed the opportunity to discuss questions and concerns.

Pupils required to give evidence in court

- Pupils required to give evidence in criminal courts, either for crimes committed against them or crimes they have witnessed, will be offered appropriate pastoral support.
- Pupils will also be provided with the booklet ‘[Going to Court](#)’ from HM Courts and Tribunals Service (HMCTS) where appropriate and allowed the opportunity to discuss questions and concerns.

Contextual safeguarding

- Safeguarding incidents can occur outside of school and outside of the family and can be associated with outside factors. School staff, particularly the DSL and their deputy(s), will always consider the context of incidents – this is known as contextual safeguarding.
- Assessment of pupils' behaviour will consider whether there are wider environmental factors that are a threat to their safety and/or welfare.
- The school will provide as much contextual information as possible when making referrals to CSCS.

Preventing radicalisation

- For the purpose of this policy, “**radicalisation**” refers to the process by which a person comes to support terrorism and extremist ideologies.
- Protecting children from the risk of radicalisation is part of the school's wider safeguarding duties.
- The school will actively assess the risk of pupils being drawn into terrorism.
- Staff will be alert to changes in pupils' behaviour which could indicate that they may be in need of help or protection.
- Staff will use their professional judgement to identify pupils who may be at risk of radicalisation and act appropriately, which may include making a referral to the Channel programme. The school will work with local safeguarding arrangements as appropriate.
- The school will ensure that they engage with parents and families, as they are in a key position to spot signs of radicalisation. In doing so, the school will assist and advise family members who raise concerns and provide information for support mechanisms.
- Any concerns over radicalisation will be discussed with a child's parents, unless the school has reason to believe that the child would be placed at risk as a result.

Training

- The DSL will undertake Prevent awareness training to be able to provide advice and support to other staff on how to protect children against the risk of radicalisation. The DSL will hold formal training sessions with all members of staff to ensure they are aware of the risk indicators and their duties regarding preventing radicalisation.

Risk indicators of vulnerable pupils

- Indicators of an identity crisis include the following:
 - Distancing themselves from their cultural/religious heritage
 - Uncomfortable with their place in society
- Indicators of a personal crisis include the following:
 - Family tensions
 - A sense of isolation
 - Low self-esteem
 - Disassociation from existing friendship groups
 - Searching for answers to questions about identity, faith and belonging
- Indicators of vulnerability through personal circumstances includes the following:

- Migration
- Local community tensions
- Events affecting their country or region of origin
- Alienation from UK values
- A sense of grievance triggered by personal experience of racism or discrimination
- Indicators of vulnerability through unmet aspirations include the following:
 - Perceptions of injustice
 - Feelings of failure
 - Rejection of civic life
 - Indicators of vulnerability through criminality:
 - Experiences of dealing with the police
 - Involvement with criminal groups

Making a judgement

- When making a judgement, staff will ask themselves the following questions:
 - Does the pupil have access to extremist influences?
 - Does the pupil access the internet for the purposes of extremist activities (e.g. using closed network groups, accessing or distributing extremist material, contacting such groups covertly using Skype)?
 - Is there a reason to believe that the pupil has been, or is likely to be, involved with extremist organisations?
 - Is the pupil known to have possessed, or be actively seeking, extremist literature/other media likely to incite racial or religious hatred?
 - Does the pupil sympathise with or support illegal/illicit groups?
 - Does the pupil support groups with links to extremist activity?
 - Has the pupil encountered peer, social, family or faith group rejection?
 - Is there evidence of extremist ideological, political or religious influence on the pupil?
 - Have international events in areas of conflict and civil unrest had a noticeable impact on the pupil?
 - Has there been a significant shift in the pupil's outward appearance that suggests a new social, political or religious influence?
 - Has the pupil come into conflict with family over religious beliefs, lifestyle or dress choices?
 - Does the pupil vocally support terrorist attacks, either verbally or in their written work?
 - Has the pupil witnessed or been the victim of racial or religious hate crimes?
 - Is there a pattern of regular or extended travel within the UK?
 - Has the pupil travelled for extended periods of time to international locations?
 - Has the pupil employed any methods to disguise their identity?
 - Does the pupil have experience of poverty, disadvantage, discrimination or social exclusion?

- Does the pupil display a lack of affinity or understanding for others?
- Is the pupil the victim of social isolation?
- Does the pupil demonstrate a simplistic or flawed understanding of religion or politics?
- Is the pupil a foreign national or refugee, or awaiting a decision on their/their family's immigration status?
- Does the pupil have insecure, conflicted or absent family relationships?
- Has the pupil experienced any trauma in their lives, particularly trauma associated with war or sectarian conflict?
- Is there evidence that a significant adult or other person in the pupil's life has extremist views or sympathies?
- Critical indicators include where the pupil is:
 - In contact with extremist recruiters.
 - Articulating support for extremist causes or leaders.
 - Accessing extremist websites.
 - Possessing extremist literature.
 - Using extremist narratives and a global ideology to explain personal disadvantage.
 - Justifying the use of violence to solve societal issues.
 - Joining extremist organisations.
 - Making significant changes to their appearance and/or behaviour.
- Any member of staff who identifies such concerns, because of observed behaviour or reports of conversations, will report these to the DSL.
- The DSL will consider whether a situation may be so serious that an emergency response is required. In this situation, a 999 call will be made; however, concerns are most likely to require a police investigation as part of the Channel programme, in the first instance.

Channel and PREVENT programme

- Safeguarding children is a key role for both the school and the LA, which is implemented through the use of the Channel programme. This service shall be used where a vulnerable pupil is at risk of being involved in terrorist activities.
- In cases where the school believes a pupil is potentially at serious risk of being radicalised, the head teacher or DSL will contact the Channel programme.
- The DSL will also support any staff making referrals to the Channel programme.
- The Channel programme ensures that vulnerable children and adults of any faith, ethnicity or background, receive support before their vulnerabilities are exploited by those that would want them to embrace terrorism, and before they become involved in criminal terrorist-related activity.
- The programme identifies individuals at risk, assesses the extent of that risk, and develops the most appropriate support plan for the individuals concerned, with multi-agency cooperation and support from the school.

- The delivery of the Channel programme may often overlap with the implementation of the LA's or school's wider safeguarding duty, especially where vulnerabilities have been identified that require intervention from CSCS, or where the individual is already known to CSCS.

Extremist speakers

- Speakers who may promote extremist views are prevented from using the school premises.

Building children's resilience

- The school will:
 - Provide a safe environment for debating controversial issues.
 - Promote fundamental British values, alongside pupils' spiritual, moral, social and cultural development.
 - Allow pupils time to explore sensitive and controversial issues.
 - Provide pupils with the knowledge and skills to understand and manage potentially difficult situations, recognise risk, make safe choices and recognise where pressure from others threatens their personal safety and wellbeing.
 - Equip pupils to explore political and social issues critically, weigh evidence, debate, and make reasoned arguments.
 - Teach pupils about how democracy, government and law making/enforcement occur.
 - Teach pupils about mutual respect and understanding for the diverse national, regional, religious and ethnic identities of the UK.

Resources

- The school will utilise the following resources when preventing radicalisation:
 - Local safeguarding arrangements
 - Local police (contacted via 101 for non-emergencies)
 - The DfE's dedicated helpline (020 7340 7264)
 - The Channel awareness programme
 - The [Educate Against Hate](#) website

A child missing from education

- A child going missing from school is a potential indicator of abuse or neglect and, as such, these children are increasingly at risk of being victims of harm, exploitation or radicalisation.
- Staff will monitor pupils that go missing from the school, particularly on repeat occasions, and report them to the DSL following normal safeguarding procedures.
- The school will inform the LA of any pupil who fails to attend regularly or has been absent without the school's permission for a continuous period of 10 school days or more.

Admissions register

- Pupils are placed on the admissions register at the beginning of the first day that is agreed by the school, or when the school has been notified that the pupil will first be attending.

- The school will notify the LA within five days of when a pupil's name is added to the admissions register.
- The school will ensure that the admissions register is kept up-to-date and accurate at all times and will inform parents when any changes occur.
- Two emergency contact details will be held for each pupil where possible.
- Staff will monitor pupils who do not attend the school on the agreed date and will notify the LA at the earliest opportunity.
- If a parent notifies the school that their child will live at a different address, the school will record the following information on the admissions register:
 - The full name of the parent with whom the pupil will live
 - The new address
 - The date from when the pupil will live at that address
- If a parent notifies the school that their child will be attending a different school, or is already registered at a different school, the following information will be recorded on the admissions register:
 - The name of the new school
 - The date on which the pupil first attended, or is due to attend, that school
- Where a pupil moves to a new school, the school will use a secure internet system to securely transfer pupils' data.
- To ensure accurate data is collected to allow effective safeguarding, the school will inform the LA of any pupil who is going to be deleted from the admission register, in accordance with the Education (Pupil Registration) (England) Regulations 2006 (as amended), where they:
 - Have been taken out of the school by their parents, and are being educated outside the national education system, e.g. home education.
 - Have ceased to attend the school, and no longer live within a reasonable distance of the premises.
 - Have been certified by the school's medical officer as unlikely to be in a fit state of health to attend, before ceasing to be of compulsory school age, and their parent has not indicated the intention to the pupil continuing to attend school after ceasing to be of compulsory school age.
 - Have been in custody for a period of more than four months due to a final court order and the school does not reasonably believe they will be returning to the school at the end of that period.
 - Have been permanently excluded.
- The school will also remove a pupil from the admissions register where the school and LA has been unable to establish the pupil's whereabouts after making reasonable enquiries into their attendance.
- If a pupil is to be removed from the admissions register, the school will provide the LA with the following information:
 - The full name of the pupil

- The full name and address of any parent with whom the pupil lives
- At least one telephone number of the parent with whom the pupil lives
- The full name and address of the parent with whom the pupil is going to live, and the date that the pupil will start living there, if applicable
- The name of the pupil's new school and the pupil's expected start date there, if applicable
- The grounds for removal from the admissions register under regulation 8 of the Education (Pupil Registration) (England) Regulations 2006 (as amended)
- The school will work with the LA to establish methods of making returns for pupils back into the school.
- The school will highlight to the LA where they have been unable to obtain necessary information from parents, e.g. where an address is unknown.
- The school will also highlight any other necessary contextual information including safeguarding concerns

Pupils with SEND

- The school recognises that pupils with SEND can face additional safeguarding challenges and understands that further barriers may exist when determining abuse and neglect in this group of pupils.
- Staff will be aware of the following:
 - Certain indicators of abuse, such as behaviour, mood and injury, may relate to the pupil's disability without further exploration; however, it should never be assumed that a child's indicators relate only to their disability
 - Pupils with SEND can be disproportionately impacted by things like bullying, without outwardly showing any signs
 - Communication barriers may exist, as well as difficulties in overcoming these barriers
- When reporting concerns or making referrals for pupils with SEND, the above factors will always be taken into consideration.
- When managing a safeguarding issue relating to a pupil with SEND, the DSL will liaise with the school's SENCO, as well as the pupil's family where appropriate, to ensure that the pupil's needs are effectively met.

Alternative provision

- The school will remain responsible for a pupil's welfare during their time at an alternative provider.
- When placing a pupil with an alternative provider, the school will obtain written confirmation that the provider has conducted all relevant safeguarding checks on staff.

Work experience

- Where the school has pupils conduct work experience at the school, an enhanced DBS check will be obtained if the pupil is over the age of 16.

Private fostering

- Where the school becomes aware of a pupil being privately fostered, they will notify the LA as soon as possible to allow the LA to conduct any necessary checks.

Concerns about a pupil

- If a member of staff has any concern about a child's welfare, they will act on them immediately by speaking to the DSL or a deputy.
- All staff members are aware of the procedure for reporting concerns and understand their responsibilities in relation to confidentiality and information sharing, as outlined in this policy Appendix 1. (Disclosure Guidelines for Staff) and Appendix 2 (Child Protection Guidelines for staff).
- Where the DSL is not available to discuss the concern with, staff members will contact the deputy DSL with the matter.
- If a referral is made about a child by anyone other than the DSL, the DSL will be informed as soon as possible.
- The LA will make a decision regarding what action is required within one working day of the referral being made and will notify the referrer.
- Staff are required to monitor a referral if they do not receive information from the LA regarding what action is necessary for the pupil.
- If the situation does not improve after a referral, the DSL will ask for reconsideration to ensure that their concerns have been addressed and that the situation improves for the pupil.
- If early help is appropriate, the case will be kept under constant review. If the pupil's situation does not improve, a referral will be considered.
- All concerns, discussions and decisions made, as well as the reasons for making those decisions, will be recorded in writing by the DSL and kept on file.
- If a pupil is in immediate danger, a referral will be made to CSCS and/or the police immediately.
- If a pupil has committed a crime, such as sexual violence, the police will be notified without delay.
- Where there are safeguarding concerns, the school will ensure that the pupil's wishes are always taken into account, and that there are systems available for pupils to provide feedback and express their views.
- When responding to safeguarding concerns, staff members will act calmly and supportively, ensuring that the pupil feels like they are being listened to and believed.
- An inter-agency assessment will be undertaken where a child and their family could benefit from coordinated support from more than one agency. These assessments will identify what help the child and family require in preventing needs escalating to a point where intervention would be needed.

Early help

- Early help means providing support as soon as a problem emerges, at any point in a child's life.

- Any pupil may benefit from early help, but in particular staff will be alert to the potential need for early help for pupils who:
 - Have SEND (whether or not they have a statutory EHC plan).
 - Are young carers.
 - Show signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups.
 - Are frequently missing/going missing from care or from home.
 - Misuse drugs or alcohol.
 - Are at risk of modern slavery, trafficking or exploitation.
 - Are in a family circumstance presenting challenges such as substance abuse, adult mental health problems or domestic abuse.
 - Are returned home to their family from care.
 - Show early signs of abuse and/or neglect.
 - Are at risk of being radicalised or exploited.
 - Are privately fostered.
- Early help will also be used to address non-violent harmful sexual behaviour to prevent escalation.
- All staff will be made aware of the local early help process and understand their role in it.
- The DSL will take the lead where early help is appropriate.

Managing referrals

- The reporting and referral process outlined in [Appendix 1](#) will be followed accordingly. A Tees Safer referral form must be completed (Appendix 4)
- All staff members, in particular the DSL, will be aware of the LA's arrangements in place for managing referrals. The DSL will provide staff members with clarity and support where needed.
- When making a referral to CSCS or other external agencies, information will be shared in line with confidentiality requirements and will only be shared where necessary to do so.
- The DSL will work alongside external agencies, maintaining continuous liaison, including multi-agency liaison where appropriate, in order to ensure the wellbeing of the pupils involved.
- The DSL will work closely with the police to ensure the school does not jeopardise any criminal proceedings, and to obtain help and support as necessary.
- Where a pupil has been harmed or is in immediate danger or at risk of harm, the referrer will be notified of the action that will be taken within one working day of a referral being made. **Where this information is not forthcoming, the referrer will contact the assigned social worker for more information.**
- The school will not wait for the start or outcome of an investigation before protecting the victim and other pupils: this applies to criminal investigations as well as those made by CSCS.
- Where CSCS decide that a statutory investigation is not appropriate, the school will consider referring the incident again if it is believed that the pupil is at risk of harm.

- Where CSCS decide that a statutory investigation is not appropriate and the school agrees with this decision, the school will consider the use of other support mechanisms, such as early help and pastoral support.
- At all stages of the reporting and referral process, the pupil will be informed of the decisions made, actions taken and reasons for doing so.
- Discussions of concerns with parents will only take place where this would not put the pupil or others at potential risk of harm.
- The school will work closely with parents to ensure that the pupil, as well as their family, understands that the arrangements in place, such as in-school interventions, are effectively supported and know where they can access additional support.

Concerns about staff members and safeguarding practices

- If a staff member has concerns about another member of staff, it will be raised with the head teacher.
- If the concern is with regards to the head teacher, it will be referred to the chair of governors.
- Any concerns regarding the safeguarding practices at the school will be raised with the SLT, and the necessary whistleblowing procedures will be followed, as outlined in the Whistleblowing Policy.
- If a staff member feels unable to raise an issue with the SLT, they should access other whistleblowing channels such as the NSPCC whistleblowing helpline (0800 028 0285).
- Any allegations of abuse made against staff members will be dealt with in accordance with the school's DBS policy using appendix E.

24.6 Any member of staff who is unhappy with the joint decision made with the Designated Person can contact the Education Safeguarding Team

24.7 If unhappy about the outcome of the referral to Children's Services Social Care/ Police, consider the Professional Differences Procedure in Chapter 3 of the SSCB Safeguarding Children Procedures

Dealing with allegations of abuse against staff including supply staff and volunteers

- All allegations will be dealt with in line with the school's Managing Allegations against staff policy which will be provided to, and understood by, all staff.

All allegations should be referred to the Head Teacher . If the allegation is against the Head Teacher then it should be referred to the Chair of Governors.

- Where an allegation is substantiated, and the individual is dismissed or resigns, the school will refer it to the DBS. They will also consider referring the matter to the TRA for consideration for a prohibition order.
- If a case manager is concerned about the welfare of other children in the community following a staff member's suspension, they may report this concern to CSCS.

- The school will preserve records which contain information about allegations of sexual abuse for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry in question.

Allegations of abuse against other pupils (peer-on-peer abuse)

Sexual harassment

- Sexual harassment refers to unwanted conduct of a sexual nature that occurs online or offline. Sexual harassment violates a pupil's dignity and makes them feel intimidated, degraded or humiliated, and can create a hostile, sexualised or offensive environment. If left unchallenged, sexual harassment can create an atmosphere that normalises inappropriate behaviour and may lead to sexual violence.
- Sexual harassment includes:
 - Sexual comments.
 - Sexual "jokes" and taunting.
 - Physical behaviour, such as deliberately brushing against another pupil.
 - Online sexual harassment, including non-consensual sharing of images and videos and consensual sharing of sexual images and videos (often known as sexting), inappropriate comments on social media, exploitation, coercion and threats – online sexual harassment may be isolated or part of a wider pattern.

Sexual violence

- Sexual violence refers to the three following offences:
 - **Rape:** A person (A) commits an offence of rape if he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.
 - **Assault by Penetration:** A person (A) commits an offence if s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.
 - **Sexual Assault:** A person (A) commits an offence of sexual assault if s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.
 - Harmful sexual behaviours
- The term "**harmful sexual behaviour**" is used to describe behaviour that is problematic, abusive and violent, and that may cause developmental damage. Harmful sexual behaviour may include:
 - Using sexually explicit words and phrases.
 - Inappropriate touching.
 - Sexual violence or threats.
 - Full penetrative sex with other children or adults.
 - Sexual interest in adults or children of very different ages to their own.

- Forceful or aggressive sexual behaviour.
 - Compulsive habits.
 - Sexual behaviour affecting progress and achievement.
 - Using sexually explicit words and phrases.
 - Inappropriate touching.
 - Sexual violence or threats.
- Sexual behaviour can also be harmful if one of the children is much older (especially where there is two years or more difference, or where one child is pre-pubescent and the other is not) and where the child may have SEND.

A preventative approach

- In order to prevent peer-on-peer abuse and address the wider societal factors that can influence behaviour, the school will educate pupils about abuse, its forms and the importance of discussing any concerns and respecting others through the curriculum, assemblies and PSHE lessons.
- The school will also ensure that pupils are taught about safeguarding, including online safety, as part of a broad and balanced curriculum in PSHE lessons, RSE and group sessions. Such content will be age and stage of development specific, and tackle issues such as the following:
 - Healthy relationships
 - Respectful behaviour
 - Gender roles, stereotyping and equality
 - Body confidence and self-esteem
 - Prejudiced behaviour
 - That sexual violence and sexual harassment is always wrong
 - Addressing cultures of sexual harassment
- Pupils will be allowed an open forum to talk about concerns and sexual behaviour. They are taught how to raise concerns and make a report, including concerns about their friends or peers, and how a report will be handled

Awareness

- All staff will be aware that pupils of any age and sex are capable of abusing their peers and will never tolerate abuse as “banter” or “part of growing up”.
- All staff will be aware that peer-on-peer abuse can be manifested in many different ways, including sexting and gender issues, such as girls being sexually touched or assaulted, and boys being subjected to hazing/initiation type of violence which aims to cause physical, emotional or psychological harm.
- All staff will be made aware of the heightened vulnerability of pupils with SEND, who are three times more likely to be abused than their peers. Staff will not assume that possible indicators of abuse relate to the pupil’s SEND and will always explore indicators further.
- LGBTQ+ children can be targeted by their peers. In some cases, children who are perceived to be LGBTQ+, whether they are or not, can be just as vulnerable to abuse as LGBTQ+ children.

- The school's response to boy-on-boy and girl-on-girl sexual violence and sexual harassment will be equally as robust as it is for incidents between children of the opposite sex.
- Pupils will be made aware of how to raise concerns or make a report and how any reports will be handled. This includes the process for reporting concerns about friends or peers.

Support available if a child has been harmed, is in immediate danger or at risk of harm

- If a child has been harmed, is in immediate danger or is at risk of harm, a referral will be made to CSCS.
- Within one working day, a social worker will respond to the referrer to explain the action that will be taken.

Support available if early help, section 17 and/or section 47 statutory assessments are appropriate

- If early help, section 17 and/or section 47 statutory assessments (assessments under the Children Act 1989) are appropriate, school staff may be required to support external agencies. The DSL and deputies will support staff as required.

Support available if a crime may have been committed

- Rape, assault by penetration and sexual assaults are crimes. Where a report includes such an act, the police will be notified, often as a natural progression of making a referral to CSCS. The DSL will be aware of the local process for referrals to both CSCS and the police.
- Whilst the age of criminal responsibility is 10 years of age, if the alleged perpetrator is under 10, the principle of referring to the police remains. In these cases, the police will take a welfare approach rather than a criminal justice approach.
- The school has a close relationship with the local police force and the DSL will liaise closely with the local police presence.

Support available if reports include online behaviour

- Online concerns can be especially complicated. The school recognises that there is potential for an online incident to extend further than the local community and for a victim, or the alleged perpetrator, to become marginalised and excluded both online and offline. There is also strong potential for repeat victimisation if the content continues to exist.
- If the incident involves sexual images or videos held online, the [Internet Watch Foundation](#) will be consulted to have the material removed.
- Staff will not view or forward illegal images of a child. If they are made aware of such an image, they will contact the DSL.

Managing disclosures

- Victims will always be taken seriously, reassured, supported and kept safe. Victims will never be made to feel like they are causing a problem or made to feel ashamed.
- If a friend of a victim makes a report or a member of staff overhears a conversation, staff will take action – they will never assume that someone else will deal with it. The basic

principles remain the same as when a victim reports an incident; however, staff will consider why the victim has not chosen to make a report themselves and the discussion will be handled sensitively and with the help of CSCS where necessary. If staff are in any doubt, they will speak to the DSL.

- Where an alleged incident took place away from the school or online but involved pupils from the school, the school's duty to safeguard pupils remains the same.
- All staff will be trained to handle disclosures. Effective safeguarding practice includes:
 - Never promising confidentiality at the initial stage.
 - Only sharing the report with those necessary for its progression.
 - Explaining to the victim what the next steps will be and who the report will be passed to.
 - Recognising that the person the child chose to disclose the information to is in a position of trust.
 - Being clear about boundaries and how the report will be progressed.
 - Not asking leading questions and only prompting the child with open questions.
 - Waiting until the end of the disclosure to immediately write a thorough summary. If notes must be taken during the disclosure, it is important to still remain engaged and not appear distracted.
 - Only recording the facts as the child presents them – not the opinions of the note taker.
 - Where the report includes an online element, being aware of searching, screening and confiscation advice and [UKCCIS sexting advice](#).
 - Wherever possible, managing disclosures with two staff members present (preferably with the DSL or a deputy as one of the staff members).
 - Informing the DSL or deputy as soon as possible after the disclosure if they could not be involved in the disclosure.
- The DSL will be informed of any allegations of abuse against pupils with SEND. They will record the incident in writing and, working with the SENCO, decide what course of action is necessary, with the best interests of the pupil in mind at all times.

Confidentiality

- The school will only engage staff and agencies required to support the victim and/or be involved in any investigation. If a victim asks the school not to tell anyone about the disclosure, the school cannot make this promise. Even without the victim's consent, the information may still be lawfully shared if it is in the public interest and protects children from harm.
- The DSL will consider the following when making confidentiality decisions:
 - Parents will be informed unless it will place the victim at greater risk.
 - If a child is at risk of harm, is in immediate danger or has been harmed, a referral will be made to CSCS.
 - Rape, assault by penetration and sexual assaults are crimes – reports containing any such crimes will be passed to the police.

- The DSL will weigh the victim's wishes against their duty to protect the victim and others. If a referral is made against the victim's wishes, it will be done so extremely carefully and the reasons for referral will be explained to the victim. Appropriate specialist support will always be offered.

Anonymity

- There are legal requirements for anonymity where a case is progressing through the criminal justice system. The school will do all it can to protect the anonymity of children involved in any report of sexual violence or sexual harassment. It will carefully consider, based on the nature of the report, which staff will be informed and what support will be in place for the children involved.
- When deciding on the steps to take, the school will consider the role of social media in potentially exposing victims' identities and facilitating the spread of rumours.

Risk assessment

- The DSL or a deputy will make an immediate risk and needs assessment any time there is a report of sexual violence. For reports of sexual harassment, a risk assessment will be considered on a case-by-case basis. Risk assessments are not intended to replace the detailed assessments of experts, and for incidents of sexual violence it is likely that a professional risk assessment by a social worker or sexual violence specialist will be required.
- Risk assessments will consider:
 - The victim.
 - The alleged perpetrator.
 - Other children at the school, especially any actions that are appropriate to protect them.
- Risk assessments will be recorded (either on paper or electronically) and kept under review in accordance with the school's GDPR Policy.

Taking action following a disclosure

- The DSL or a deputy will decide the school's initial response, taking into consideration:
 - The victim's wishes.
 - The nature of the incident.
 - The ages and developmental stages of the children involved.
 - Any power imbalance between the children.
 - Whether the incident is a one-off or part of a pattern.
 - Any ongoing risks.
 - Any related issues and the wider context, such as whether there are wider environmental factors in a child's life that threaten their safety and/or welfare.
 - The best interests of the child.
 - That sexual violence and sexual harassment are always unacceptable and will not be tolerated.
- Immediate consideration will be given as to how to support the victim, alleged perpetrator and any other children involved.

- For reports of rape and assault by penetration, whilst the school establishes the facts, the alleged perpetrator will be removed from any classes shared with the victim. The school will consider how to keep the victim and alleged perpetrator apart on school premises, and on transport where applicable. These actions will not be seen as a judgement of guilt on the alleged perpetrator.
- For reports of sexual violence and sexual harassment, the proximity of the victim and alleged perpetrator and the suitability of shared classes, premises and transport will be considered immediately.
- In all cases, the initial report will be carefully evaluated and the wishes of the victim, nature of the allegations and requirement to protect all children will be taken into consideration.

Managing the report

- The decision of when to inform the alleged perpetrator of a report will be made on a case-by-case basis. If a report is being referred to CSCS or the police, the school will speak to the relevant agency to discuss informing the alleged perpetrator.
- There are four likely outcomes when managing reports of sexual violence or sexual harassment:
 - Managing internally
 - Providing early help
 - Referring to CSCS
 - Reporting to the police
- Whatever outcome is chosen, it will be underpinned by the principle that sexual violence and sexual harassment is never acceptable and will not be tolerated. All concerns, discussion, decisions and reasons behind decisions will be recorded either on paper or electronically.
- The following situations are statutorily clear and do not allow for contrary decisions:
 - A child under the age of 13 can never consent to sexual activity.
 - The age of consent is 16.
 - Sexual intercourse without consent is rape.
 - Rape, assault by penetration and sexual assault are defined in law.
 - Creating and sharing sexual photos and videos of children under 18 is illegal – including children making and sending images and videos of themselves.

Managing internally

- In some cases, e.g. one-off incidents, the school may decide to handle the incident internally through behaviour and bullying policies and by providing pastoral support.

Providing early help

- The school may decide that statutory interventions are not required, but that pupils may benefit from early help – providing support as soon as a problem emerges. This approach can be particularly useful in addressing non-violent harmful sexual behaviour and may prevent escalation of sexual violence.

Referral to CSCS

- If a child has been harmed, is at risk of harm or is in immediate danger, the school will make a referral to CSCS. Parents will be informed unless there is a compelling reason not to do so (if referral will place the victim at risk). This decision will be made in consultation with CSCS.
- The school will not wait for the outcome of an investigation before protecting the victim and other children.
- The DSL will work closely with CSCS to ensure that the school's actions do not jeopardise any investigation. Any related risk assessment will be used to inform all decisions.
- If CSCS decide that a statutory investigation is not appropriate, the school will consider referring the incident again if they believe the child to be in immediate danger or at risk of harm.
- If the school agrees with the decision made by CSCS, they will consider the use of other support mechanisms such as early help, pastoral support and specialist support.

Reporting to the police

NPCC – When to call the police- should help designated safeguarding leads understand when to call police and what to expect when they do. (New for 2020)

- Reports of rape, assault by penetration or sexual assault will be passed on to the police – even if the alleged perpetrator is under 10 years of age. Generally, this will be in parallel with referral to CSCS. The DSL and deputies will follow the local process for referral.
- Parents will be informed unless there is a compelling reason not to do so. Where parents are not informed, it is essential for the school to support the child with any decision they take, in unison with CSCS and any appropriate specialist agencies.
- The DSL and governing board will agree what information will be disclosed to staff and others, in particular the alleged perpetrator and their parents. They will also discuss the best way to protect the victim and their anonymity.
- The DSL will be aware of local arrangements and specialist units that investigate child abuse.
- In some cases, it may become clear that the police will not take further action, for whatever reason. In these circumstances, the school will continue to engage with specialist support for the victim as required.

Bail conditions

- Police bail is only used in exceptional circumstances. It is unlikely that a child will be placed on police bail if alternative measures can be used to mitigate risks.
- The school will work with CSCS and the police to support the victim, alleged perpetrator and other children (especially witnesses) during criminal investigations. The school will seek advice from the police to ensure they meet their safeguarding responsibilities.
- The term 'released under investigation' (RUI) is used to describe alleged perpetrators released in circumstances that do not warrant the application of bail.

- Where bail is deemed necessary, the school will work with CSCS and the police to safeguard children – ensuring that the victim can continue in their normal routine and continue to receive a suitable education.
- Managing delays in the criminal justice system
- The school will not wait for the outcome (or even the start) of criminal proceedings before protecting the victim, alleged perpetrator and other children. The associated risk assessment will be used to inform any decisions made.
- The DSL will work closely with the police to ensure the school does not jeopardise any criminal proceedings, and to obtain help and support as necessary.

The end of the criminal process

- Risk assessments will be updated. If the perpetrator remains in the same school as the victim, the school will set out clear expectations regarding the perpetrator, including their behaviour and any restrictions deemed reasonable and proportionate with regards to the perpetrator's timetable.
- The school will ensure that the victim and perpetrator remain protected from bullying and harassment (including online).
- Where an alleged perpetrator is found not guilty or a case is classed as requiring "no further action", the school will offer support to the victim and alleged perpetrator for as long as is necessary. The victim is likely to be traumatised and the fact that an allegation cannot be substantiated does not necessarily mean that it was unfounded. The school will discuss decisions with the victim and offer support.
- The alleged perpetrator is also likely to require ongoing support, as they have also been through a difficult and upsetting experience.
 - Ongoing support for the victim
- Any decisions regarding safeguarding and supporting the victim will be made with the following considerations in mind:
 - The terminology the school uses to describe the victim
 - The age and developmental stage of the victim
 - The needs and wishes of the victim
 - Whether the victim wishes to continue in their normal routine
 - The victim will not be made to feel ashamed about making a report
 - What a proportionate response looks like
- Victims may not disclose the whole picture immediately and they may be more comfortable talking about the incident on a piecemeal basis; therefore, a dialogue will be kept open and the victim can choose to appoint a designated trusted adult.
- Victims may struggle in a normal classroom environment. Whilst it is important not to isolate the victim, the victim may wish to be withdrawn from lessons and activities at times. This will only happen when the victim wants it to, not because it makes it easier to manage the situation.
- The school will provide a physical space for victims to withdraw to.

- Victims may require support for a long period of time and the school will be prepared to offer long-term support in liaison with relevant agencies.
- Everything possible will be done to prevent the victim from bullying and harassment as a result of any report they have made.
- If the victim is unable to remain in the school, alternative provision or a move to another school will be considered – this will only be considered at the request of the victim and following discussion with their parents.
- If the victim does move to another school, the DSL will inform the school of any ongoing support needs and transfer the child protection file.
 - Ongoing support for the alleged perpetrator
- When considering the support required for an alleged perpetrator, the school will take into account:
 - The terminology they use to describe the alleged perpetrator or perpetrator.
 - The balance of safeguarding the victim and providing the alleged perpetrator with education and support.
 - The reasons why the alleged perpetrator may have abused the victim – and the support necessary.
 - Their age and developmental stage.
 - What a proportionate response looks like.
 - Whether the behaviour is a symptom of their own abuse or exposure to abusive practices and/or materials.
- When making a decision, advice will be taken from CSCS, specialist sexual violence services and the police as appropriate.
- If the alleged perpetrator moves to another school (for any reason), the DSL will inform the destination school of any ongoing support needs and transfer the child protection file.
- The school will work with professionals as required to understand why the abuse took place and provide a high level of support to help the pupil understand and overcome the reasons for their behaviour and reduce the likelihood of them abusing again.
- Disciplining the alleged perpetrator
- Disciplinary action can be taken whilst investigations are ongoing and the fact that investigations are ongoing does not prevent the school reaching its own conclusion and imposing an appropriate penalty.
- The school will make such decisions on a case-by-case basis, with the DSL taking a leading role. The school will take into consideration whether any action would prejudice an investigation and/or subsequent prosecution. The police and CSCS will be consulted where necessary.
- The school will also consider whether circumstances make it unreasonable or irrational for the school to make a decision about what happened while an investigation is considering the same facts.
- Disciplinary action and support can take place at the same time.

- The school will be clear whether action taken is disciplinary, supportive or both.
- Shared classes
- Once the DSL has decided to progress a report, they will again consider whether the victim and alleged perpetrator will be separated in classes, on school premises and on school transport – balancing the school's duty to educate against its duty to safeguard. The best interests of the pupil will always come first.
- Where there is a criminal investigation into rape or assault by penetration, the alleged perpetrator will be removed from classes with the victim and potential contact on school premises and transport will be prevented.
- Where a criminal investigation into rape or assault by penetration leads to a conviction or caution, in all but the most exceptional circumstances, this will constitute a serious breach of discipline and result in the view that allowing the perpetrator to remain in the school would harm the education or welfare of the victim and potentially other pupils.
- Where a criminal investigation into sexual assault leads to a conviction or caution, the school will consider suitable sanctions and permanent exclusion. If the perpetrator will remain at the school, the school will keep the victim and perpetrator in separate classes and manage potential contact on school premises and transport. The nature of the conviction or caution, alongside the wishes of the victim, will inform any discussions made.
- Where a report of sexual assault does not lead to a police investigation, this does not mean that the offence did not happen or that the victim has lied. Both the victim and alleged perpetrator will be affected and appropriate support will be provided. Considerations regarding sharing classes and potential contact will be made on a case-by-case basis.
- In all cases, the school will record its decisions and be able to justify them. The needs and wishes of the victim will always be at the heart of the process.

Working with parents and carers

- In most sexual violence cases, the school will work with the parents of both the victim and alleged perpetrator. For cases of sexual harassment, these decisions will be made on a case-by-case basis.
- The school will meet the victim's parents with the victim present to discuss the arrangements being put in place to safeguard the victim, and to understand their wishes in terms of support arrangements and the progression of the report.
- Schools will also meet with the parents of the alleged perpetrator to discuss arrangements that will impact their child, such as moving them out of classes with the victim. Reasons behind decisions will be explained and the support being made available will be discussed. The DSL or a deputy will attend such meetings, with agencies invited as necessary.
- Clear policies regarding how the school will handle reports of sexual violence and how victims and alleged perpetrators will be supported will be made available to parents.

Safeguarding other children

- Children who have witnessed sexual violence, especially rape and assault by penetration, will be provided with support.
- It is likely that children will “take sides” following a report, and the school will do everything in its power to protect the victim, alleged perpetrator and witnesses from bullying and harassment.
- The school will keep in mind that contact may be made between the victim and alleged perpetrator and that harassment from friends of both parties could take place via social media and do everything in its power to prevent such activity.
- As part of the school’s risk assessment following a report, transport arrangements will be considered, as it is a potentially vulnerable place for both a victim and alleged perpetrator. Schools will consider any additional support that can be put in place.

Communication and confidentiality

- All child protection and safeguarding concerns will be treated in the strictest of confidence in accordance with school data protection policies.
- Where there is an allegation or incident of sexual abuse or violence, the victim is entitled to anonymity by law; therefore, the school will consult its policy and agree what information will be disclosed to staff and others, in particular the alleged perpetrator and their parents.
- Where a report of sexual violence or sexual harassment is progressing through the criminal justice system, the school will do all it can to protect the anonymity of the pupils involved in the case.
- Concerns will only be reported to those necessary for its progression and reports will only be shared amongst staff members and with external agencies on a need-to-know basis.
- During disclosure of a concern by a pupil, staff members will not promise the pupil confidentiality and will ensure that they are aware of what information will be shared, with whom and why.
- Where it is in the public interest, and protects pupils from harm, information can be lawfully shared without the victim’s consent, e.g. if doing so would assist the prevention, detection or prosecution of a serious crime.
- Before doing so, the DSL will weigh the victim’s wishes against their duty to protect the victim and others.
- Where a referral is made against the victim’s wishes, it is done so carefully with the reasons for the referral explained to the victim and specialist support offered.
- Depending on the nature of a concern, the DSL will discuss the concern with the parents of the pupils involved.
- Discussions with parents will not take place where they could potentially put a pupil at risk of harm.
- Discussion with the victim’s parents will relate to the arrangements being put in place to safeguard the victim, with the aim of understanding their wishes in terms of support arrangements and the progression of the report.

- Discussion with the alleged perpetrator's parents will have regards to the arrangements that will impact their child, such as moving classes, etc., with the reasons behind decisions being explained and the available support discussed.
- External agencies will be invited to these discussions where necessary.
- Where confidentiality or anonymity has been breached, the school will implement the appropriate disciplinary procedures as necessary and will analyse how damage can be minimised and future breaches be prevented.
- Where a pupil is leaving the school, the DSL will consider whether it is appropriate to share any information with the pupil's new provider, in addition to the child protection file, that will allow the new provider to support the pupil and arrange appropriate support for their arrival. .See transfer of records form (Appendix 3)

Online safety

- As part of a broad and balanced curriculum, all pupils will be made aware of online risks and taught how to stay safe online. There are 3 areas of risk: content (illegal, inappropriate or harmful material, fake news, racist, radical or extremist views) , contact harmful online interaction e.g. commercial advertising or adults posing as children or young adults) and conduct (online behaviour that causes harm e.g. making, sending or receiving explicit images or online bullying).
- Through training, all staff members will be made aware of the following:
 - Pupil attitudes and behaviours which may indicate they are at risk of potential harm online
 - The procedure to follow when they have a concern regarding a pupil's online activity
- The school will ensure that suitable filtering systems are in place to prevent children accessing terrorist and extremist material, in accordance with the school's Data and E-Security Breach Prevention and Management Plan.
- The use of mobile phones by staff and pupils is closely monitored by the school.
- The school will ensure that the use of filtering and monitoring systems does not cause "over blocking" which may lead to unreasonable restrictions as to what pupils can be taught regarding online teaching.

Mobile phone and camera safety

- Staff members will not use personal mobile phones or cameras when pupils are present.
- Staff may use mobile phones on school premises outside of working hours when no pupils are present.
- Staff may use mobile phones in the staffroom during breaks and non-contact time.
- Staff will use their professional judgement in emergency situations.
- Staff may take mobile phones on trips, but they must only be used in emergencies.
- Mobile devices will not be used to take images or videos of pupils or staff in any circumstances.

- The sending of inappropriate messages or images from mobile devices is strictly prohibited.
- Staff who do not adhere to this policy will face disciplinary action.
- Photographs and videos of pupils will be carefully planned before any activity with particular regard to consent and adhering to the school's GDPR Policy.
- The DPO will oversee the planning of any events where photographs and videos will be taken.
- Where photographs and videos will involve LAC pupils, adopted pupils, or pupils for whom there are security concerns, the head teacher will liaise with the DSL to determine the steps involved.
- The DSL will, in known cases of a pupil who is a LAC or who has been adopted, liaise with the pupil's social worker, carers or adoptive parents to assess the needs and risks associated with the pupil.
- Staff will report any concerns about another staff member's use of mobile phones to the DSL, following the procedures outlined in the Child Protection and Safeguarding Policy and the DBS policy using appendix E.

Sports clubs and extracurricular activities

- Clubs and extracurricular activities hosted by external bodies, e.g. charities or companies, will work in collaboration with the school to effectively safeguard pupils and adhere to local safeguarding arrangements.
- Paid and volunteer staff running sports clubs and extracurricular activities are aware of their safeguarding responsibilities and promote the welfare of pupils.
- Paid and volunteer staff understand how they should respond to child protection concerns and how to make a referral to CSCS or the police, if necessary.
- All national governing bodies of sport that receive funding from either Sport England or UK Sport, must aim to meet the Standards for Safeguarding and Protecting Children in Sport.

Safer recruitment

- An enhanced DBS check with barred list information will be undertaken for all staff members engaged in regulated activity. A person will be considered to be in 'regulated activity' if, as a result of their work, they:
 - Are responsible on a daily basis for the care or supervision of children.
 - Regularly work in the school at times when children are on the premises.
 - Regularly come into contact with children under 18 years of age.
 - See Appendix B which defines regulated activity
 - DBS Clearance will be repeat checked every 5 years (or term of office for Governors, Trustees and Board Members)
- The DfE's [DBS Workforce Guides](#) will be consulted when determining whether a position fits the child workforce criteria.

Pre-employment checks

- The governing board will assess the suitability of prospective employees by:
 - Verifying the candidate's identity, preferably from the most current photographic ID and proof of address except where, for exceptional reasons, none is available.
 - Obtaining a certificate for an enhanced DBS check with barred list information where the person will be engaged in regulated activity.
 - Obtaining a separate barred list check if an individual will start work in regulated activity before the DBS certificate is available.
 - Checking that a candidate to be employed as a teacher is not subject to a prohibition order issued by the Secretary of State, using the [TRA Teacher Services' System](#).
 - Verifying the candidate's mental and physical fitness to undertake their working responsibilities, including asking relevant questions about disability and health to establish whether they have the physical and mental capacity for the specific role.
 - Checking the person's right to work in the UK. If there is uncertainty about whether an individual needs permission to work in the UK, the advice set out on the [Gov.UK](#) website will be followed.
 - If the person has lived or worked outside the UK, making any further checks that the school considers appropriate; this includes checking for any teacher sanctions or restrictions that an EEA professional regulating authority has imposed.
 - Checking professional experience, QTS and qualifications as appropriate using Teacher Services.
 - Confirming that an individual taking up a management position is not subject to a section 128 direction.
- An enhanced DBS certificate will be obtained from candidates before or as soon as practicable after appointment. An online update check may be undertaken through the DBS update service if an applicant has subscribed to it and gives their permission.

Internal candidates

- References from internal candidates will always be scrutinised before appointment.

ITT candidates

- Where applicants for ITT are salaried by the school, the school will ensure that enhanced DBS checks with barred list information are carried out.
- Written confirmation will be obtained to ensure that an enhanced DBS certificate and barred list check has been carried out for all fee-funded trainees.

Supply Teachers

Where Supply Teachers are salaried by the school, the school will ensure that enhanced DBS checks with barred list information are carried out.

Written confirmation will be obtained to ensure that an enhanced DBS certificate and barred list check has been carried out for all Agency Supply Staff.

-

Governors

- An enhanced DBS check will be carried out for each member of the governing board. Where a governor also engages in regulated activity, a barred list check will also be requested. The school will also contact the TRA using Teacher Services to check if a proposed governor is barred as a result of being subject to a section 128 direction. Where a barred list check has been performed, the section 128 direction will also be shown and will not require a separate check.
- The trust requires enhanced DBS checks on all members of the academy trust, individual charity trustees, and the chair of the board of charity trustees. Before an individual becomes a trustee, the school will carry out an enhanced DBS check and confirm their identity. Where a trustee also engages in regulated activity, a barred list check will also be requested. An additional check is required for those in management positions, to ensure that they are not prohibited under section 128 provisions. Where a barred list check has been performed, the section 128 direction will also be shown and will not require a separate check. If the individual lives or has lived outside of the UK, consideration will be given as to further checks that may be necessary.

Those who have lived or worked outside of the UK

- For those who have lived or worked outside of the UK, additional checks regarding teacher sanctions or restrictions will be conducted, this includes checking for any teacher sanctions or restrictions that an EEA professional regulating authority has imposed.

Barred list check

- An enhanced DBS check may be requested for anyone working in school that is not in regulated activity but does not have a barred list check.
- If there are concerns about an applicant, an enhanced DBS check with barred list information may be requested, even if they have worked in regulated activity in the three months prior to appointment.
- Written information about their previous employment history will be obtained from candidates and the appropriate checks undertaken to ensure information is not contradictory or incomplete.

References

- References will be obtained directly from referees and scrutinised, with all concerns satisfactorily resolved prior to confirmation of employment.
- References will only be accepted from a senior person and not from a colleague.
- References will be sought on all short-listed candidates, including internal ones, before an interview and checked on receipt to ensure that all specific questions were answered satisfactorily.
- References will be obtained prior to interviews taking place and discussed during interviews.

- Open testimonials will not be considered.
- Information about past disciplinary actions or allegations will be considered carefully when assessing an applicant's suitability for a post.
- Information sourced directly from a candidate or online source will be carefully vetted to ensure they originate from a credible source.

Volunteers

- No volunteer will be left unsupervised with a pupil or allowed to work in regulated activity until the necessary checks have been obtained.
- An enhanced DBS certificate with barred list check will be obtained for all new volunteers in regulated activity that will regularly teach or look after children on an unsupervised basis or provide personal care on a one-off basis.
- Personal care includes helping a child with eating and drinking for reasons of illness, or care in connection with toileting, washing, bathing and dressing for reasons of age, illness or disability.
- A supervised volunteer who regularly teaches or looks after children is not in regulated activity.
- The school will obtain an enhanced DBS certificate with barred list check for existing volunteers that provide pastoral care.
- Unless there is cause for concern, the school will not request any new DBS certificates with barred list check for existing volunteers that have already been checked.
- A risk assessment will be undertaken for volunteers not engaged in regulated activity when deciding whether to seek an enhanced DBS check.

Contractors

- The school will ensure that any contractor or employee of the contractor working on the premises has been subject to the appropriate level of DBS check.
- Checks will be conducted to ensure that the contractor presenting themselves for work is the same person on whom the checks have been made.
- Contractors without a DBS check will be supervised if they will have contact with children. The identity of the contractor will be checked upon their arrival at the school.

See Appendix Flowchart

Data retention

- DBS certificates will be securely destroyed as soon as practicable, but not retained for longer than six months from receipt.
- A copy of the other documents used to verify the successful candidate's identity, right to work and required qualifications will be kept for the personnel file. The personnel file will be held for the duration of the employee's employment plus six years.

Referral to the DBS

- The school will refer to the DBS anyone who has harmed a child or poses a risk of harm to a child, or if there is reason to believe the member of staff has committed an offence and has been removed from working in regulated activity.

Ongoing suitability

- Following appointment, consideration will be given to staff and volunteers' ongoing suitability – to prevent the opportunity for harm to children or placing children at risk.

Disclosures with Information

When a DBS check produces a history that causes concern then the Headteacher will discuss the circumstances with the individual before reaching a decision on whether to proceed with the appointment.

The Headteacher will discuss the circumstances with HR and consider:

- Whether the conviction or other information received is relevant to the post and workplace in question
- The seriousness of any offence or other information received
- The length of time since the offence or other matter occurred
- Whether the applicant has a pattern of offending behaviour
- Whether the applicant's circumstances have changed since the offending behaviour
- The circumstances surrounding the offence(s) and the explanation offered by the individual, and
- Any other relevant matters

Single central record (SCR)

- The school keeps an SCR which records all staff, including supply staff and teacher trainees on salaried routes, who work at the school.
- All members of the Trust Board are also recorded on the James Cook Learning Trust SCR.
- The following information is recorded on the SCR:
 - An identity check
 - A barred list check
 - An enhanced DBS check
 - A prohibition from teaching check
 - A section 128 check
 - A check of professional qualifications
 - A check to determine the individual's right to work in the UK
 - Additional checks for those who have lived or worked outside of the UK

- For agency and third-party supply staff, the school will also record whether written confirmation from the employment business supplying the member of staff has been received which indicates that all of the necessary checks have been conducted and the date that confirmation was received.
- If any checks have been conducted for volunteers, this will also be recorded on the SCR.
- If risk assessments are conducted to assess whether a volunteer should be subject to an enhanced DBS check, the risk assessment will be recorded.

Staff suitability

All centres providing care for pupils under the age of eight must ensure that staff and volunteers working in these settings are not disqualified from doing so under the Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018.

- A person may be disqualified if they:
 - Have certain orders or other restrictions placed upon them.
 - Have committed certain offences.
- All staff members are required to sign the [declaration form](#) provided in the appendices of this policy confirming that they are not disqualified from working in a schooling environment.
- A disqualified person will not be permitted to continue working at the school, unless they apply for and are granted a waiver from Ofsted. The school will provide support with this process.

Training

- Staff members will undergo safeguarding and child protection training at induction, which will be regularly updated on a termly basis or whenever there is a change in legislation.
- The induction training will cover:
 - The Child Protection and Safeguarding Policy
 - The Behavioural Policy
 - The Staff Code of Conduct
 - The safeguarding response to children who go missing from education
 - The identity of the DSL and any deputies
 - The role of the DSL and deputy DSLs
- All staff members will also receive regular safeguarding and child protection updates as required, but at least annually.
- Training will cover, at a minimum:
 - The issues surrounding sexual violence and sexual harassment.
 - Contextual safeguarding.
 - How to keep previously LAC safe.
 - Child criminal exploitation and the need to refer cases to the National Referral Mechanism.

- Staff will receive opportunities to contribute towards and inform the safeguarding arrangements in the school.
- The DSL and deputy DSL will undergo updated child protection training every two years, as well as additional training to refresh their skills and knowledge at regular intervals (at least annually) to allow them to keep up-to-date with any developments relevant to their role.
- The DSL and deputy DSL will also undergo annual Prevent awareness training which will enable them to understand and support the school with regards to the Prevent duty and equip them with the knowledge needed to advise staff.
- The DSL and their deputy(s) will undergo online safety training to help them recognise the additional risks that pupils with SEND face online, for example, from online bullying, grooming and radicalisation, to ensure they have the capability to support pupils with SEND to stay safe online
- Online training will also be conducted for all staff members as part of the overall safeguarding approach.

Monitoring and review

- This policy is reviewed annually by the DSL and the head teacher.
- Any changes made to this policy by the head teacher and DSL will be communicated to all members of staff.
- All members of staff are required to familiarise themselves with all processes and procedures outlined in this policy as part of their induction programme.
- The next scheduled review date for this policy is September 2020.

Staff Disqualification Declaration Appendix A

Captain Cook Primary School:

Name of staff member:	Position:
Orders and other restrictions	
Have any orders or other determinations related to childcare been made in respect of you?	
Have any orders or other determinations related to childcare been made in respect of a child in your care?	
Have any orders or other determinations been made which prevent you from being registered in relation to childcare, children's homes or fostering?	
Are there any other relevant orders, restrictions or prohibitions in respect of you as set out in Schedule 1 of the Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018?	
Are you barred from working with children by the DBS?	
Are you prohibited from teaching?	
Specified and statutory offences	
Have you ever been cautioned, reprimanded, given a warning for or convicted of:	
<ul style="list-style-type: none"> Any offence against or involving a child? 	
<ul style="list-style-type: none"> Any violent or sexual offence against an adult? 	
<ul style="list-style-type: none"> Any offence under The Sexual Offences Act 2003? 	
<ul style="list-style-type: none"> Any other relevant offence? 	
Have you ever been cautioned, reprimanded for or convicted of a similar offence in another country?	
Provision of information	
If you have answered yes to any of the questions above, provide details below. You may provide this information separately, but you must do so without delay.	
Details of the order restriction, conviction or caution:	
The date(s) of the above:	
The relevant court(s) or body/bodies:	
Declaration	
In signing this form, I confirm that the information provided is true to the best of my knowledge and that:	
<ul style="list-style-type: none"> I understand my responsibilities to safeguard children. 	

- I understand that I must notify my head teacher immediately of anything that affects my suitability to work within the school. This includes any cautions, warnings, convictions, orders or other determinations made in respect of me that would render me disqualified from working with children.

Safeguarding Reporting Process

Appendix B

The process outlined within the first section should be followed where a staff member has a safeguarding concern about a child. Where a referral has been made, the process outlined in the 'After a referral is made' section should be followed.

The actions taken by the school are outlined in yellow, whereas actions taken by another agency are outlined in blue.

Before a referral is made

A staff member identifies a concern or potential concern. Is the pupil at immediate risk of harm?

N

Is the DSL or the deputy DSL available to discuss the concern with?

Y

The staff member discusses the concern with the DSL. Taking into account observations and using professional judgement, is a referral required?

Y

The DSL makes a referral to CSCS, keeping the staff member who raised the concern up-to-date with what action is taken.

N

The pupil continues to be monitored and early help is provided where necessary. If the concern escalates, a referral is made to the CSCS.

Y

The staff member immediately notifies the police of the situation and informs the DSL.

N

The staff member makes a referral to children's social care services (CSCS), notifying the DSL of this as soon as possible.

Within one working day, a social worker from CSCS will make a decision about the type of response that is required and will notify the referrer. Where this information is not forthcoming, the referrer should contact the appointed social worker to follow up the referral.

The steps outlined in the next flowchart are then followed.

After a referral is made

Once a referral has been made, a social worker from CSCS will notify the referrer that a decision has been made and one of the following responses will be actioned.

The pupil is in need of immediate protection.

Where the pupil is at risk of significant harm but is not in immediate danger, a strategy discussion is held.

No formal assessment is needed.

Where appropriate to do so, the DSL and staff member who raised the concern may be consulted during these stages to ensure that all areas of concern are addressed.

Appropriate emergency action is taken by the social worker, police or NSPCC.

A Child in Need assessment is completed within 45 working days.

The DSL supports the initial staff member to liaise with other agencies to arrange an early help assessment and appropriate support.

Within 15 working days of the strategy discussion, an initial child protection conference is held.

A child protection plan is potentially required.

The type of support needed is identified, arranged through multi-agency liaison and provided effectively.

Staff keep the pupil's circumstances under review and re-refer if appropriate to ensure circumstances improve – the pupil's best interests always come first.

If the child's situation does not appear to be improving, the DSL should press for re-consideration to ensure their concerns have been addressed and, most importantly, that the child's situation improves.

Appendix 1 Disclosure guidelines for staff

If a child alleges abuse or neglect:

Take the child to a private place and listen to what is being said. Accept what is said.

Take notes of the **actual** words the child uses as this may be important later. (Do not paraphrase anything). Keep a note of the date, time and context in which the disclosure took place. Keep these notes safe in case they are needed later e.g. in court.

Reassure the child but only so far as is honest and reliable.

Don't make promises you can't keep or promise confidentiality.

Do not interrogate the child. Reassure them only as is necessary to decide whether you need to make a referral.

Do not ask leading questions e.g. "What did he do next?" which assumes something else happened. "Did he touch you?" This may invalidate your evidence. Instead ask "Is there anything else you want to tell me?"

Do not criticise the perpetrator. The young person might love him/her.

Do not ask the child to repeat it for another member of staff.

Record only factual and observable things – do not interpret or pass opinion.
If there are any marks on the body or injuries make a specific note e.g. cigarette burn to upper side of wrist, left arm.

All notes must be dated and signed.

Appendix 2 Child Protection guidelines for staff

Teachers are the identifiers, other agencies are the investigators.

Remember to see the safeguarding lead or deputy DSL before speaking to parents/guardians or other staff if you have concerns about a child.

Try to have 2 teachers present when talking to a child involving child protection issues

Always keep evidence of a physical assault or of a sexual nature and do not give to parents until a decision has been made by the DSL or deputy DSL.

Don't tell parents if physical or sexual assault is suspected. Don't put the child or yourself in danger.

Be cautious about people who come into school to talk about a child e.g. solicitor – particularly if the child is the subject of a court order. Don't speak to them directly. Pass the information to the DSL or deputy DSL.

Parents should only be asking staff for attendance and academic records. Anything else should be requested through the Head Teacher.

The Head Teacher has a duty to work with agencies such as Early Help and Stronger Families and Operation Encompass.

Permission may need to be obtained from parents to provide information or to allow children to speak to social workers. We must observe data protection rules. However, in serious cases where parents may be perpetrators for example, it may be necessary to give information without requesting parental consent.

If children are on the Child Protection register or are in receipt of Early Help/ Stronger Families support teachers will be told on a 'need-to-know' basis.

Staff should be prepared to provide updates for vulnerable pupils so that they can be raised and discussed during half termly welfare meetings held in school.

Appendix C

Transfer form for Child Protection Records between Educational Establishments

(Please print all information)

Name of child.....

Date of birth.....

DFE Unique reference number (schools).....

Name and address of school sending information.....

.....

.....

Name of current Designated Safeguarding lead/ leads.....

.....

Date file exchanged by hand.....or

Date file was posted by special delivery.....or

Date information received electronically.....

Name and address of receiving establishment.....

.....

.....

Name of receiving Designated safeguarding lead.....

Date file received.....

Signature of receiving Designated safeguarding lead.....

Date.....

Upon receipt the receiving setting should sign this form and keep a copy on the child's records and return a copy of the signed form to the sender without delay.

The originating establishment should keep the returned form securely in line with the Transfer and Retention of Child Protection and Safeguarding documents.

TEES MULTI AGENCY SAFER REFERRAL FORM

SITUATION, ASSessment, FAMILY, EXPECTED RESPONSE, RECORDING

Children's Social Care operates a multi agency approach to supporting children, young people and their families. Across the Tees Valley, County Durham and North Yorkshire Multi Agency Safeguarding Teams are in place working together to safeguard children. These teams include the Police, health services and other relevant agencies who share information and support the social care decision making process. All information shared is proportionate and appropriate to the level of need of the child. For the avoidance of doubt, information can and will be shared in these multi agency teams to get the right support to meet a child's needs at the right time. Children's Social Care operates within the context of Working Together to Safeguard Children and is GDPR and Data Protection ACT 2018 compliant.

When do you need to use this form?

This form should be used to request support for a child who has suffered or is at risk of suffering significant harm; where you believe they are unlikely to achieve or maintain a reasonable level of health or development without the provision of a social work service. This is Level 4 of need.

What do you need to do?

- Discuss your concerns with the child and family if appropriate and where you can, gain their consent.
- Where you are able, reflect on the right support at the right time with your agency's safeguarding lead to determine that a request for a social work service is the most appropriate response for the child.

Request for Children's Social Care

Date of Request:		Time:

Postcode:		Tel No: (Parent/ Carer)		Disability:	Y/N
Name of Parent(s) / Carer(s):		Address of Parent(s) / Carer(s):		Relationship and DOB:	

Family Composition/Significant Others (Who else lives with the child or plays a significant role in their life?)

Name:	DOB:	Relationship:	Address (and contact number):

What is the level of need? (To ascertain the level of need based upon the information you have, consult your threshold document at: <https://www.teescpp.org.uk/safeguarding-procedures/2-early-help/>)

CONSENT

Professionals should seek to discuss concerns with the family and where possible seek the family's agreement in making a referral unless this may place the child at increased risk of significant harm.

Who has parental responsibility for this child?

Have parents / carer(s) been informed of this referral? Yes ☐ No ☐

Has the child / young person given consent for this referral?

Yes ☐ No ☐ N/A ☐

Have parents / carer (s) given consent for this referral? Yes ☐ No ☐

If the answer to any of the above is **NO** please provide an explanation :

WHAT IS WORKING WELL? (What support is currently in place)

- What existing support is in place/offered for this child and family? What is the impact on the child?
- What is your agency doing? What services will your agency continue to provide?
- What are the strengths / protective factors?

WHAT ARE YOU WORRIED ABOUT? (Reason for the referral: consult your threshold document)

- Is there actual harm – what is causing the harm? What is the impact?
- What are the future dangers for the child(ren) / family should this concern not be addressed?
- What are the complicating factors (E.g: parental substance misuse/ mental health issues) that make the concern more difficult to deal with?

WHAT NEEDS TO HAPPEN NEXT? (What change do you want to see happen?)

- What are the views of the children and family? What do they think will help them?
- What needs to change?

- What intervention do you think will make a difference for this child and family?
- What outcome do you hope this referral will achieve?
- Are there any issues for worker safety that need to be considered when planning a response?

Level of Need	Level description / response	Referral Pathway
1	A child whose needs are being met, or whose needs can be met by universal services	Universal Services
2	A child with additional needs that can be met by a single agency providing additional support or by signposting to an additional agency – complete an early help assessment (EHA) (https://www.teescpp.org.uk/safeguarding-procedures/2-early-help/)	Early Help
3	A child who would benefit from a coordinated response from multiple agencies – complete an Early Help Assessment (EHA)	Early Help
4	A child who has suffered or is at risk of suffering significant harm or has complex needs; that requires a specialist or statutory intervention	Children's Social Care

Regulated Activity for Children

The definition of Regulated Activity relating to children is set out in three parts by The Protection of Freedoms Act.

A person can be in a Regulated Activity because of what they do (activities), where they work (establishments) or who they are (specified position).

The definition of Regulated Activity covers:

- Unsupervised activities: teach, train, instruct, care for or supervise children, or provide advice/guidance on wellbeing, moderate a public electronic interactive service likely to be used wholly or mainly by children or drive a vehicle only for children, carried out by the same person on frequent (once a week or more often), intensive (on 4 or more days in a 30 day period), or overnight basis (any time between 2am and 6am).
- Work for a limited range of establishments (schools, nursery schools, PRU's, childcare premises, children's homes, children's centres) with the opportunity for contact with children carried out on a frequent, intensive or overnight basis.
- Providing healthcare – provision by a healthcare professional or under the direction or supervision of one. This may include psychotherapy and counselling, first aid administered on behalf of an organisation established for the purposes of providing first aid. This does not include workplace first aiders, members of peer support groups or life coaching.
- Providing personal care – physical assistance (or prompting with supervision or training or providing advice or guidance) with eating or drinking because of illness or disability, physical assistance (or prompting with supervision or training or providing advice or guidance) with going to the toilet, washing or bathing or dressing because of age, illness or disability.
- Day-to-day management or supervision of volunteers carrying out an activity which would be Regulated Activity if not supervised. However, a supervised paid employee working for a specified establishment is in Regulated Activity.

Exemptions – not Regulated Activity

- An individual carrying out activities, under reasonable day-to-day supervision by another person who is also engaging in Regulated Activity, is **not** undertaking Regulated Activity.
- Activities by a person contracted (or volunteering) to provide occasional or temporary services (which are not teaching, training or supervision of children) is no longer undertaking a Regulated Activity (e.g. maintenance contractors) but please remember, as stated above, supervised paid employees in specified establishments are in a Regulated Activity.

Regulated Activity for Adults

An adult is a person aged 18 years or over. The definition of Regulated Activity for adults defines the activities provided to any adult as those, which, if any adult requires them, will mean that the adult will be considered vulnerable at that particular time.

The frequency test does not apply to adults and an individual only needs to engage in a defined activity once to be carrying out a Regulated Activity.

There are six categories within the definition of Regulated Activity in relation to adults:

- Providing healthcare – provision by a healthcare professional or under the direction or supervision of one. This may include psychotherapy and counselling, first aid administered on behalf of an organisation established for the purposes of providing first aid. This does not include workplace first aiders, members of peer support groups or life coaching.
- Providing personal care – physical assistance with eating or drinking, going to the toilet, washing or bathing, dressing, oral care or care of skin, nails or hair (but not where this involves only cutting hair) because of the adult's age, illness or disability. This also includes anyone who trains, instructs or provides advice on the provision of personal care or those who prompt and then supervise an adult to do one of the above.
- Providing social work.
- Assisting with general household matters –assistance with managing a person's cash, paying a person's bills or shopping on their behalf because of the adult's age, illness or disability.
- Assisting in the conduct of people's own affairs.

- Conveying adults to, from, or between places, where they receive healthcare, relevant personal care or social work because of their age, illness or disability. This includes hospital porters, patient transport service drivers and assistants, ambulance technicians and emergency care assistants but does not include taxi or licensed private hire drivers.
- A person whose role includes the day-to-day management or supervision of any person engaging in Regulated Activity is also in Regulated Activity.

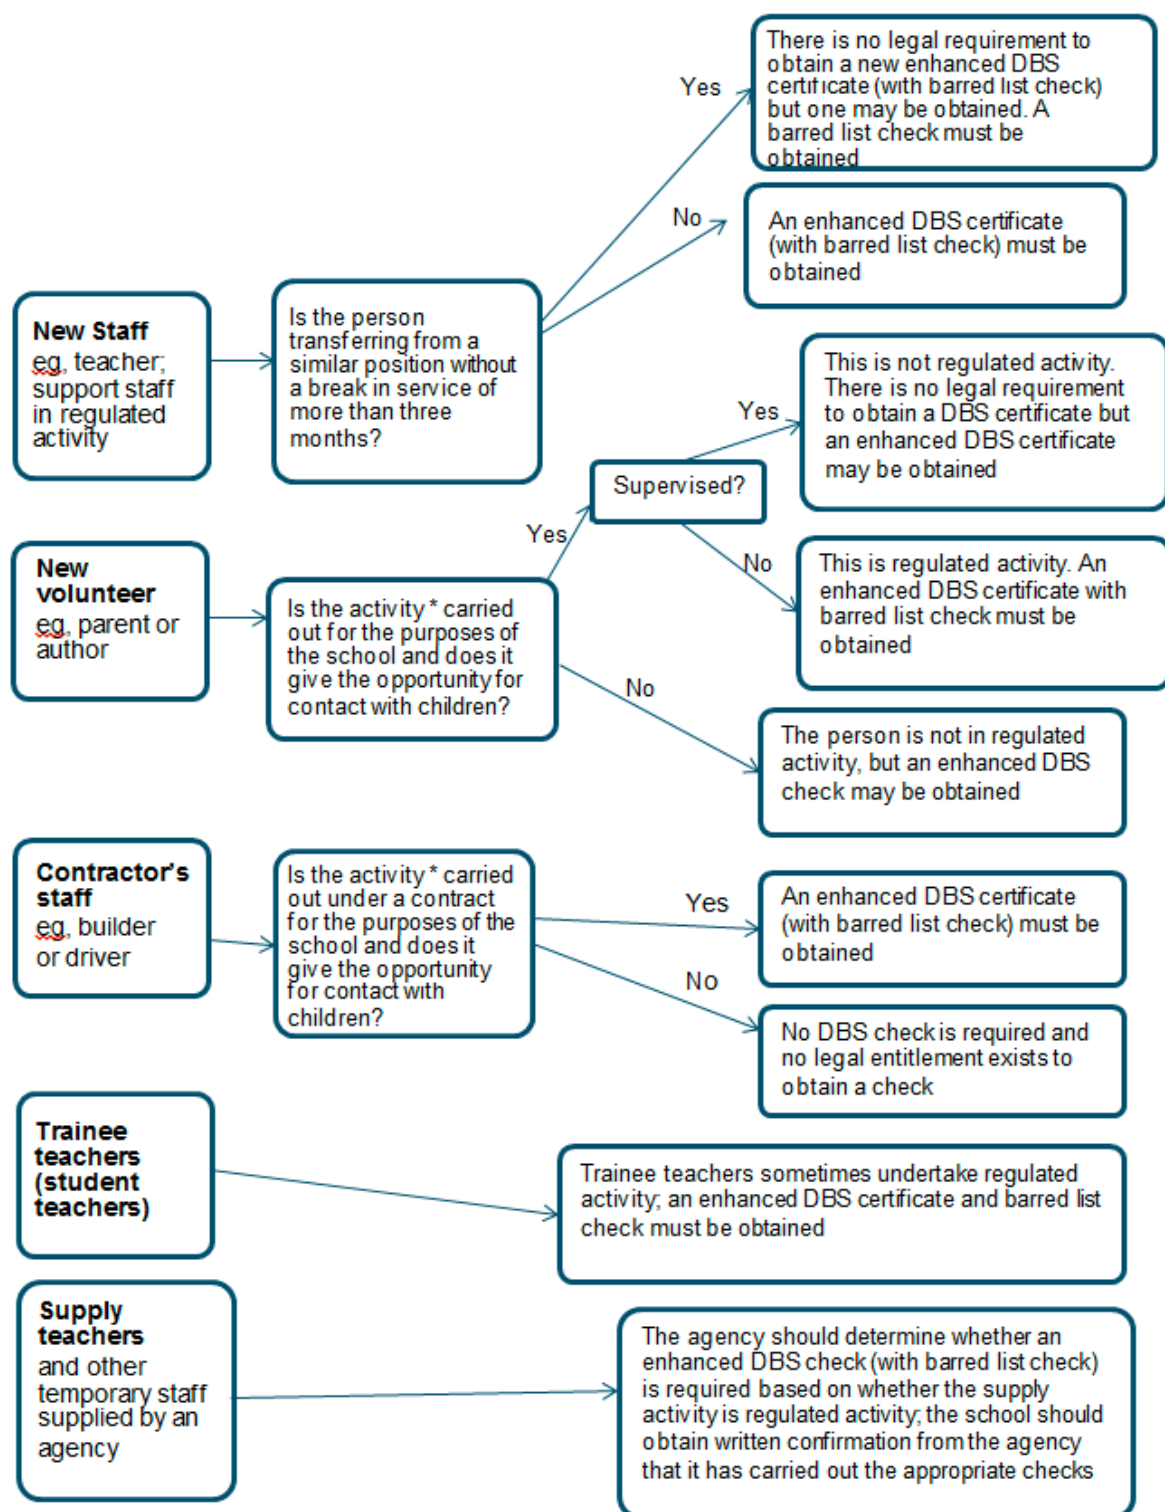

Exemptions – not Regulated Activity

- Activity carried out in the course of family relationships and personal, non-commercial relationships. Family relationships include close family (e.g. parents, siblings, grandparents) and the relationship between two people who live in the same household and treat each other as family.
- Personal, non-commercial relationships are arrangements where no money changes hands or if any money does change hands it is not part of a commercial relationship (e.g. giving a friend petrol money to drive you to the hospital), and the arrangement is made between friends or family friends.

Flowchart of DBS checks and Barred List checks –

Appendix F

DBS Checks will be repeated every 5 years or the term of office for Governors and Trustees

*Activities listed under the definition of regulated activity at Appendix B

Filtering is the term that DBS are using to describe the process which will identify and remove from disclosure certificate convictions and cautions which should no longer be disclosed due to the changes in legislation.

For those 18 or over at the time of the offence:

An adult conviction will be removed from a DBS certificate if:

- 11 years have elapsed since the date of conviction
and
- it is the person's only offence
and
- it did not result in a custodial sentence

Even then, it will only be removed if it does not appear on the list of offences which will never be removed from a certificate. If a person has more than one offence, then details of all their convictions will always be included.

An adult caution will be removed after 6 years have elapsed since the date of the caution – and if it does not appear on the list of offences relevant to safeguarding.

For those under 18 at the time of the offence:

The same rules apply as for adult convictions, except that the elapsed time period is 5.5 years

The same rules apply as for adult cautions, except that the elapsed time period is 2 years.

Common Offences that are subject to filtering (subject to sentence and time)

1. Common assault
2. Drunk and disorderly conduct
3. Harassment
4. Theft (where no violence is involved)
5. Drugs offences that involve simple possession

Common Offences that are exempt (ie: always disclosed)

1. Many sexual offences
 - a. Indecent assault on female 16 or over
 - b. Possessing indecent photographs or pseudo-photographs of children
 - c. Sexual activity in a public lavatory
2. Offences that involve a certain degree of violence, for example
 - a. Affray
 - b. Assault occasioning actual bodily harm
 - c. Robbery or assault with intent to rob
 - d. Stalk a person causing fear or violence
3. Safeguarding offences, for example
 - a. Wilfully abandoning young person under 16
 - b. Taking the child out of the United Kingdom without the appropriate consent
4. Drugs offences that involve supply, for example
 - a. Supplying controlled drug – Class C

The Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975

Under the Exceptions Order 1975, a person applying for an excepted post, which includes working with children or vulnerable adults, will be required to disclose spent cautions and convictions, other than protected cautions and convictions.

Actions for Headteacher where disclosure certificate has detailed information

- *Contact individual to request to see original disclosure certificate.*
- *Discuss information disclosed with the individual.*
- *Once the disclosure certificate has been seen and discussion taken place you may need to contact a HR Advisor for advice.*
- *For your record purposes, please confirm details below:*
