Captain Cook Primary School, Stokesley Road,
Marton, Middlesbrough, TS7 8DU

22nd October 2025

Dear Parent/Carer

As a school we are continually seeking way to work alongside parents in order to best support your child as they continue their learning journey. In previous years, we have organised parent information evenings to provide parents with further details of the learning that takes place in your child's year group, together with some information about how you can best help support your child with this. We know how much many parents value this information, however we appreciate that it is difficult for busy parents to attend these meetings, particularly where they have children in a range of different year groups.

Therefore, this year we have decided to adapt our approach to enable parents to browse the information at a time that is suitable for them. Year group teaching staff have put together a guide setting out the key information for their year, which we have upload onto the school website. You can find all of the information under the 'Curriculum' section of our website then 'Curriculum Overviews'.

For those Reception parents who were unable to attend the recent meeting, the guide from that meeting is also available.

We are inviting parents to have a look at these guides at their own convenience and if they have any queries, to please contact your child's class teacher. Hopefully, by making the information readily available at any time, this will prove more beneficial and convenient for parents and will allow us all to work collaboratively together.

We do appreciate how much the children enjoy sharing their learning with loved ones, so year groups will be working to develop other opportunities for parents to come into school across the year to participate in their child's education in a range of ways.

Yours sincerely,

Mrs Acheson
Acting Head Teacher
